RESPONSE TO DECISIONS ON PETITIONS

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

This is in response to Decisions on Petitions mailed February 24, 2004 in connection with the above identified application.

The decisions indicate that applicants petition under 35 CFR 1.181 regarding Showing of September 25, 2002 Filing has been granted but that applicant's petition under 37 CFR 1.181 to Withdraw holding of Abandonment is dismissed on the grounds that applicant has allegedly not provided a statement from counsel that a search of the file jacket indicates that the Office Action was not received (item (2)) and that is not clear from the docket records provided that the enclosed pages reflect where the purported non-received Office Action would have been entered (item (4)).

In response, the unassigned, as applicant's attorney confirms that a search of the file jacket reveals that the Office Action in question was not received in satisfaction of item (2). In satisfaction of item (4), enclosed is a copy of the firms' entire docket record for December 1, 2001. The report is sorted by the field client.matter. Had the Office Action been received, since the docket number for this case is 04890.P001, it would have appeared on page 28 between client.matter 04887.P624PCT and 04896.T010. Since the report contains confidential

information, it is requested that if the report is maintained, that it be maintained in a file which does not become part of the public record.

In view of the foregoing, it is submitted that all outstanding requirements have been complied with to withdraw the holding of abandonment and such early action is requested.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN
